

Your candidate journey with us...

Phone Screen

Congrats! We like your profile and you've made it to the first step! Over this short phone conversation we'd like to make sure you have a good understanding of the role, see if you could fit in the company and know more about your reasons for joining LevelUp. You will also hear more about LevelUp and of course, you'll get to ask questions.

1st Interview

You passed the first screening. Great! Time to meet at our office. In this phase we'll go more in-depth into the core of your work, what you enjoy about it and how you make sure to be efficient and successful. We'd also like to know more about how you cooperate and communicate with your peers and managers.

Assignment & Strengths Finder test

Time to shine! Depending on the role you applied for, we might ask you to complete an assessment to show us your technical skills. We'll also send you a Strengths Finder test. This is a key part of our selection process and we really think you'll like it!

2nd Interview

You're on a roll! You wouldn't have come this far if we didn't think you were awesome. It's now time to meet some more people from our team. Are there any questions you still haven't asked? Time to bring them out!

Glassdoor Review

Are you happy about what you have seen so far? Do you think there's something we could improve? Let us know through a Glassdoor review.

3rd Interview

This step is dedicated only to some roles (usually the more senior ones): an extra interview to make sure you're that purple unicorn we're looking for. If you still haven't met Aik, our CEO, this might be the time.

Reference check

We'll ask you for the names and contacts of a couple of past managers to confirm our impression of you and know how we can help you grow within our team.

Our offer to you!

You like us, we LUV you: what's more left to do?!

Welcome to the team!

We've got a great onboarding schedule coming your way. Make sure to get the best out of it and enjoy the ride!
